Intent: The trail use permit process has been established to ensure uncongested, free access to the trail for families and the community. We would like to keep activities that have a potential for dominating the trail a minimum.

Requirement: All organizations and groups with over twenty (20) people on the trail and all commercial business activities utilizing the trail for any purpose must obtain a **Trail Use Permit**.

All for profit commercial businesses utilizing the trail for any reason must compensate the township for use of the trail. The for profit fee per day is \$1,000.00 payable to Milford Township.

All non profit entities must compensate the township for use of the trail if the trail is being used for financial gain or fundraising. The non profit fee is \$30.00 for every fifty (50) participants.

The trail use permit application is available at the Milford Township office, Kensington Metropark's office or at the following websites: www.metroparks.com or www.milfordtownship.com/parksandrec.html
