Re: Belle Terre Litigation – Milford Hills Properties/RPL of Michigan vs. Charter Township of Milford

As you will recall, in regard to Case No. 2017-162642-CZ concerning the Milford Hills litigation, Facilitation between the parties with attorney Alan Greene occurred on April 18, 2019. The parties discussed multiple issues throughout the day but were unable to complete those discussions. As such, an additional day for Facilitation was scheduled for June 6, 2019.

Based upon the pending Motion for Summary Disposition, which was not ripe for argument under the circumstances of continuing Facilitation, the parties agreed to stay the proceedings until Facilitation could be completed. The attached Stipulated Order, which was supported by the Facilitator Alan Greene, was filed with the Court on April 23, 2019, and signed by Judge Langford-Morris on April 26, 2019 (see attached). The Court then issued the attached Notice of Status Conference ordering the parties to report to the Court on June 26, 2019.
