Re: Belle Terre Litigation – Milford Hills Properties/RPL of Michigan vs. Charter Township of Milford

As you will recall in regard to Case No. 2017-162642-CZ, concerning the Milford Hills litigation, the parties participated in court ordered Case Evaluation on January 3, 2019. On February 1, 2019 the Court issued the attached Notice of Rejection, which indicated that an undisclosed case evaluation award was rejected by the parties.

In light of this matter remaining unresolved, the parties have opted to participate in facilitation, and have selected a seasoned attorney with Dykema Gossett to lead that facilitation. A date has not yet been set for facilitation, but is expected to be scheduled in the near future.
