Re: Belle Terre Litigation – Milford Hills Properties/RPL of Michigan vs. Charter Township of Milford

As you will recall, in regard to Case No. 2017-162642-CZ concerning the Milford Hills litigation, Facilitation continued between the parties with attorney Alan Greene on June 6, 2019. Despite being requested to do so, however, Plaintiff did not provide any revised or updated plans to the Township.

A Status Conference was conducted with the Court on June 26, 2019, but no public information or documentation resulted from that meeting.

At the present moment, the parties simply continue to move forward with discovery, negotiation and trial preparation
