Re: Belle Terre Litigation – Milford Hills Properties/RPL of Michigan vs. Charter Township of Milford

In regard to Case No. 2017-162642-CZ concerning the Milford Hills litigation, a Status Conference was conducted with the Court on June 26, 2019. Although no public information or documentation resulted from that meeting, the parties were directed to continue facilitative discussions, which they have done amongst legal counsel.

Legal counsel for both sides participated in telephone conferences with Facilitator Alan Greene on August 8, 2019 and August 15, 2019, but no public information or documentation resulted from those discussions.

The Court has scheduled a Status Conference to be held on October 29, 2019 for the purpose of updating Judge Langford Morris about those discussions.
