## Residential Recycling Information for Milford Township

### Milford Township Residents – Let's Recycle. It Matters.

#### Recycle with Bins

18-gallon recycling bins are available from the Milford Township offices, one per household at no cost.

#### Recycle with 64-Gallon Recycling Carts

64-gallon recycling carts with wheels can be ordered directly from your waste hauler, GFL Environmental Services, using one of the following methods:

- By phone: call GFL Customer Service number at 844-464-3587
- By email: [gflcustomerservice@gflenv.com](mailto:gflcustomerservice@gflenv.com)
- *Milford Township residents choosing to order a recycling cart will be charged \$75/cart paid directly to GFL Environmental Services. Carts will be delivered directly to your home.*

#### Why Recycle?

- Much of our waste is a resource that can be used to make new products instead of being lost in a landfill.
- Recycling supports our local and state economy.
- Recycling protects our natural resources, reduces greenhouse gas emissions, and reduces air and water pollution.

### Who is RRRASOC?

The Resource Recovery and Recycling Authority of Southwest Oakland County (referred to as **RRRASOC** or **Recycling Authority**) is an intergovernmental, municipal solid waste authority created in 1989.

Member communities include Farmington, Farmington Hills, Milford, Milford Township, Novi, South Lyon, Southfield, Walled Lake, and Wixom.

RRRASOC helps its member communities provide cost-effective, environmentally responsible and convenient waste and recycling programs, including recycling drop-off centers, household hazardous waste collection events and curbside pick-up collection.

Your recyclables, along with the recyclables from our other member communities, are delivered to the RRRASOC Materials Recovery Facility (MRF), a state-of-the-art single stream processing facility that sorts, separates and bales recyclable material. Once baled, the recyclables are sold and shipped to manufacturers to make new products. The MRF can process up to 20 tons of recyclables per hour.

### Stay Informed: What & How to Recycle

-  Search the *recycling directory* at [RRRASOC.org](http://RRRASOC.org)
-  Download "*Recycling Authority*" mobile app
-  Follow "*Recycling Authority*" on Facebook
-  Sign up for "*Recycling Authority*" monthly e-newsletter at [rrrasoc.org](http://rrrasoc.org)
-  Call RRRASOC: 248-208-2270

### Keep Plastic Bags Out!

We need your help! Plastic bags are **NOT** accepted for recycling. Please keep **ALL** plastic bags out of your recycling bin or cart. Here's why: The recycling sorting process is high tech and automated. Plastic bags wrap around the moving gears and parts, causing jams that require shutting down the system and hours of manual removal of the bags each day.
